

# BANTAM BULLY® NEEDLE SCALER

BANTAM BULLY NEEDLE SCALER  
STRAIGHT HANDLE MODEL 95511

BANTAM BULLY NEEDLE SCALER  
PISTOL GRIP MODEL 95510

Cleaning structural steel before painting.

Scaling welded corners.

Cleaning up welding slag.

Scraping off welding splatter.

Removing sand from castings.

- Lightweight—only 2½ pounds.
- Low air consumption—3 C.F.M. Average at 90 P.S.I.
- FAST—needles move at up to 13,000 times per minute.
- Only 9 needles to get into tight places.
- Outperforms a needle scaler three times its size and four times its weight.
- Can be converted to regular Bantam Bully Air Hammer with inexpensive conversion kit.\*
- Available in either pistol grip or straight handle.
- Round nose on needle holder—no need to have rectangular nose as needles will conform to rectangular work.
